Did you know that even if you have no income or do not earn enough to pay taxes, filing an income tax return can help you? Some benefits are linked to income tax and you can receive them simply by filing a return.

Did you know filing your income tax every year gives you access to many provincial and federal benefits?

Did you know that you have up to seven years to file for past income tax and credits? If you need help filing, call the Canada Revenue Agency at 1-800-959-8281, TTY 1-800-665-0354.

Repayment Assistance Plan (RAP) (Government of Canada and AES)

The RAP helps people who have difficulty making student loan payments. Under this program people pay only what they can reasonably afford, based on family income and family size. Monthly payments are limited to less than 20 per cent of a borrower's family income. No borrower will have a repayment period of more than 15 years; 10 years for borrowers with permanent disabilities. If borrowers earn very little income, they may not have to make any loan payments until their income increases.
